EXPERIENCE

12.2020 – current

UI Designer, Google Pixel (Contract): Remote
Owned and polished UI designs for new features
Created and delivered presentations for design advice and final approvals
Worked closely with Engineering partners to polish and deliver actionable specs

3.2020 – 12.2020

Senior UX Designer, eBay (Contract): Portland, OR
Built out a multi-flow sneaker listing prototype for UXR
Designing portions of the new era listing experiences, leveraging cross-platform design patterns
Built E2E analysis of business seller onboarding experience with seams and proposed tenets

3.2020 – 4.2020

UX Designer, ModeAdjust (Contract): Portland, OR
Led design efforts of data collection app
Presented design work to client and integrated feedback
Produced design documentation and developer handoff

7.2017 – 11.2019

UX Design Lead, Healthy Grid (Contract): Portland, OR
Produced all concepts, user flows, illustrations, and mockups for responsive toolset
Coordinated all tickets with dev team and ran QA in Pivotal Tracker (within design sprints)
Received eHealthcare Leadership Awards' 2018 "Best Site Design" Award

7.2017 – 3.2018

UX Designer, Living Room Theaters (Contract): Portland, OR
Envisioned new user flows, styleguide, and mockups for responsive LRT site
Designed entirely new feature sets - gift cards, ticket returns, and online food ordering
Conceptualized movie pages with a consistent dark background to emphasize movie imagery

7.2016 – 2.2017

Visual Designer, Blue Bottle Coffee: Oakland, CA
Developed concepts, mockups, and final assets for emails, banners, print media, and digital ads
Collaborated with cross-functional teams during two-week design sprints
Continually refined email templates according to results of A/B testing
